

# The Girl from Back Then

## Kings Of Convenience

And I sat down  
And said, "I don't want to suffer"  
But she told me  
She had nothing to offer, no more I sat down  
And said "I don't want to suffer"  
But she told me  
She had nothing to offer, no more Now that I know  
That I did not, I didn't know  
Now that I know  
That I did not, I didn't know  
Now that I know  
That I did not know you then  
I didn't know you Now that I know  
That I did not, I didn't know  
Now that I know  
That I did not, I didn't know  
Now that I know  
That I did not know you then
