

Steal Away

Clarence Carter

What would I give for just a few moments?
What would I give just to have you near?
Tell me you will try to slip away somehow
Oh, I need you, darling, I want to see you right now Can you slip away? Slip away, slip away
Oh, I need you so Love, oh, love, how sweet it is
When you steal it, darling
Let me tell you somethin'
Now how sweet it is Now I know it's wrong
The things I ask you to do
But please believe me, darling
I don't mean to hurt you But could you just slip away
Without him knowing you're gone
Then we could meet somewhere
Somewhere where we're both are not known And can you slip away? Slip away, slip away
I need you so Oh, can you slip away, baby
I'd like to see you right now, darling
Can you slip away now, baby
'Cause I got to, I got to see you I feel a deep burning inside
Oh, I wish you could slip away
