No Second Chance

Chris Martin

My diamond's clouded over
Where it used to shine like light
And the day keeps runnin' faster
Into the arms of night
The stitches on the tapestry say
"Everything in time
Will find its way home again"
But I'm tired of cryin'
No second chances
Don't knock on my door
There won't be any answer
I won't be here no more
This house we had together
Might still be in its place
But the rest of this is much too hard to face
There'll be no second chance
Lovely moonlit hours we spent
Walkin' on the beach
We'd gaze up at the stars
I swear they were in our reach
But time, it went on
Minutes, they ran too fast
Like you they were gone
Into the past
No second chances
Don't knock on my door
There won't be any answer
I won't be here no more
This house we had together
Might still be in its place
But the rest of this is much too hard to face
There'll be no second chance
Now, my diamond's clouded over
Where it used to shine like light
And the day keeps runnin' faster
Into the arms of night
The stitches on the tapestry say
"Everything in time
Will find its way home again"

But I'm tired of cryin'
No second chances
Don't knock on my door
There won't be any answer
I won't be here no more
This house we had together
Might still be in its place
The rest of this is much too hard to face
There'll be no second chance
No second chances
Don't knock on my door
There won't be any answer
I won't be here no more
This house we had together
Might still be in its place
But the rest of this is much too hard to face
There'll be no second chance
