

It Doesn't Hurt (studio Version)

Katie Thompson

I know you're good
I know you're right
I know you mean the best
Every time you stop by

Don't know what to say
Don't know how to act
'Cause I'm still moved by you
'Cause you just have to ask

No, it doesn't hurt
Unless I walk
I don't feel any pain
Unless I try to talk
I don't even cry
Unless I open my eyes
I don't need to kick
Or scream or curse, no
It doesn't hurt

You don't have to call
To make sure I'm up
'Cause I'm still wide awake
'Cause I'm still lost in shock

I know you're concerned
I know you're just sick
And I know you'd feel better
If I were over it

No, it doesn't hurt
Unless I walk
I don't feel any pain
Unless I try to talk
I don't even cry
Unless I open my eyes
I don't need to kick
Or scream or curse, no
It doesn't hurt

I am the wind
I am the sand
I am scared
I am a woman
And I'm fine
'Cause I deserve
The time time to feel
Hurt

I know you're good
I know you're freaked
And I know it's safer if
you would just let me be
'Cause what will you say
That you've haven't said
The question you asked me just
Makes me feel better you left

Oh, it doesn't hurt
Unless I walk
I don't feel anything
Unless I think of you
I don't even cry
Unless I open my eyes
I don't need to kick
Or scream or curse
No, it doesn't hurt (x2)
