

Stand Up

Sugarland

All the lonely people crying
It could change if we just get started
Lift the darkness, light a fire
For the silent and the broken hearted Won't you stand up, stand up, stand up?
Won't you stand up, you girls and boys?
Won't you stand up, stand up, stand up?
Won't you stand up and use your voice? There's a comfort, there's a healing
High above the pain and sorrow
Change is coming, can you feel it
Calling us into a new tomorrow? Won't you stand up, stand up, stand up?
Won't you stand up, you girls and boys?
Won't you stand up, stand up, stand up?
Won't you stand up and use your voice? When the walls fall all around you
When your hope has turned to dust
Let the sound of love surround you
Beat like a heart in each of us Won't you stand up, stand up, stand up?
Won't you stand up, you girls and boys?
Won't you stand up, stand up, stand up?
Won't you stand up and use your voice? Won't you stand up, stand up, stand up?
Won't you stand up, you girls and boys?
Won't you stand up, stand up, stand up?
Won't you stand up and use your voice? Won't you stand up?
Won't you stand up, stand up, stand up?
Won't you stand up and use your voice?
