

Palisades

Waken Eyes

Palisades A man without light
Is destined to live
A long scornful life
Which can't be relived
Leap in this fire
yes bask in the flames
let it burn
the kindness of man is your sin Ahh
You and me can never be
These Palisades are my brightest shade For one to stand still
To lose all progression
Alive for the kill
In this misconception
Give up your body
Yes fade in the heat
Let it burn The blindness of man enrages your sin
A moment of innocence has fuelled grin
The elegance of evil will always burn Ahh
You and me can never be
These Palisades are my brightest shade These are my final words
These are my final words
