Big Meanie

LEN

It could be said
You've got a fat head
You're way too mean
A little fucked up it seemsIt's been so crazy
Too bad and a shame
So sickening and lame
A shitty, motherfuckin' painIt could be bled
Your brains melted dead
A face with no cred
For you and all that is saidIt could be done
You haven't won
And even my cat hates you
And thinks you are dumbIt could be said
You've got a fat head
You're way too mean
A little fucked up it seemsIt's been so crazy
Too bad and a shame
So sickening and lame
A shitty, motherfuckin' pain
