Love & War

Amp Fiddler

Here's something bout you I can't explain
You give me love then take it away
I see you like this game that we play, ay, ay, ay, ay
And yo this fighting shit is getting too old
And you gon find yourself left out in the cold
It's time to straighten up, boy you can move on, on, on, on, yeah
Yeah, there's something crazy bout the way we love to hate each other
I don't wanna fight anymore
Everyday we fighting like the navy baby, maybe we can save each other
I don't wanna fight anymore
You go off, I go off, and you mad of of nothing
I don't wanna fight anymore
Can we just make love in our war
And babe there's something about you
You got that good shit I don't wanna give up
It's too good to give it away, ay, ay, ay, ay
Yeah, I'm feeling we're just coming too close
Who's wrong or right, this is outta control
I'm not perfect but I'm tired of this bullshit, let's move on
Yeah, there's something crazy bout the way we love to hate each other
I don't wanna fight anymore
Everyday we fighting like the navy baby, maybe we can save each other
I don't wanna fight anymore

You go off, I go off, and you mad of of nothing
I don't wanna fight anymore
Can we just make love in our war
White flag
White flag
I'm waving a white flag
White flag, eh
Anymore, anymore, anymore, anymore, boy, I don't wanna fight anymore
Anymore, anymore, anymore, anymore, boy, I don't wanna fight anymore
Yeah, there's something crazy bout the way we love to hate each other
I don't wanna fight anymore
Everyday we fighting like the navy baby, maybe we can save each other
I don't wanna fight anymore
You go off, I go off, and you mad of of nothing
I don't wanna fight anymore

Can we just make love in our war
Yeah, there's something crazy bout the way we love to hate each other
I don't wanna fight anymore
Everyday we fighting like the navy baby, maybe we can save each other
I don't wanna fight anymore
You go off, I go off, and you mad of of nothing
I don't wanna fight anymore
Can we just make love in our war
