

# The Hand of Death

## Holy Moses

I will stand inside my hell  
Take the hand of death  
I don't care what they think  
Don't they know about? I need you in my blood  
Crack the liar's eyes  
I have no choice to stay again  
Before my candles burn it out Yes, I am  
I say I am  
Yes, I am  
The hand of death Close my eyes to feel the touch  
For my inner rush  
Stand in fire [Incomprehensible]  
And it makes me go I believe in my fate  
So take the hand of death  
I can see that you will die  
I keep my candles burning Yes, I am  
I say I am  
Yes, I am  
Yes, I am Yes, I am  
I say I am  
Yes, I am  
The hand of death [Incomprehensible] won't get away without  
What the hell? What the hell? Yes, I am, take my time  
I say I am in my time  
Here I am for my hell  
The hand of death [Incomprehensible] The mighty emperor  
Ruler of the dark domain  
I don't care how you act  
You will lose your own respect Let you fall into my hands  
Press you now back down  
I am Satan's angel  
My candles never burn it out Yes, I am  
I say I am  
Here I am  
The hand of death Yes, I am  
I say I am  
Here I am  
The hand of death The hand of death  
The hand of death

The hand of death
