I'll Be There

Sarah Geronimo

I'll be there for you
HD: When the night falls on the world
And you're sad because I'm far away
Just remember you're my girl
Baby, think of how you feel today

SG: All I know is our love will go on
You can dream me there with you all night long
When you need my heaven simply close your eyes
And keep your heart strong

Chorus
I'll be there for you till the earth stops turning
Playing in your heart like love songs do
I'll be there for you like a candle burning
Just believe it's true I'll be there for you

SG: We got awful close of so fast
It's hard to say our goodbyes
HD: Now I've found you girl at last
I can't forget you If I try
SG: when I'm awake or sleeping you'll be mine
HD: You're the love I'll keep you fill up my mind
SG:I will count the hours till you're here with me for all time

(chorus)
SG: When you're troubled I'll be there when you're sad I will be there
When you're laughing I'll be there Just think of me and I'll be there
HD: I'll be there coz you're my star I'll be anywhere you are
When you're hurt I'll feel it too and If you leave I'll go with you
I'll be there for you baby count on me I'll be there for you there for you

Repeat chorus

Bridge
I'll be there for you anytime at all
If you need me I'll go to the wall
You'll be in my mind you'll be in my heart
When I'm close to you when we're far apart ohhhh
I'll be there for you
