

Top Of The Pops 2012 (scream & Shout)

Mashup Germany

Dance
Now greetings to the world
Vice ala one big gong zilla 'longside Skrillex
And for long

I let it fall
My heart
And as it fell, you rose to claim it
It was dark
And I was over
Until you kissed my lips and you saved me
(Shine bright like a diamond)

Days like this I want to drive away
(uh, uh, uhu)
Here we go
You know I dream in color
And do the things I want
Let's go
We've only just begun
Hypnotised by drums
Until forever comes
You'll find us chasing the sun
They said this day wouldn't come
We refused to run
We've only just begun
You'll find us chasing the sun

I wanna scream and shout
And let it all out
And scream and shout
And let it out
We saying oh we oh we oh we oh
You are now, now rocking with will.i.am and
Britney bitch

The sun goes down
The stars come out
Oh yeah
And this is crazy

Kick out the epic
Gangnam style

One day... I'm better
One day... I'm glad you came
Oh yeah
We mash up the place
Turn up the bass
And make sure soundboy run
So let's set the world on fire
Burning to the ground

Girl I got you so high
And I know you like
So come and push it on me
If it feels alright
When you drop it low, and break me off
No, she doesn't mind (aight)
She doesn't mind (aight)
She doesn't mind
(than a mother...)
You show the lights that stop me turn to stone
You shine it when I'm alone
You're asking me

The sun goes down
The stars come out
Oh yeah
And this is crazy
Kick out the epic
Gangnam style

And all that counts
Is here and now
You are now, now rocking with will.i.am and
Britney bitch
You got the latest place it's on your radar
By the time you show your face, it's over
And dreamed of para-para-paradise
Para-para-paradise
As long as you love me
Deep sea baby
And dreamed of para-para-paradise
Baby, you and I
At skyfall

Every time she closed her eyes
