

Heartbeat (feat. Collin McLoughlin)

Vicetone

The sunlight begins to fade now
And I feel like I'm losing time
But I don't know how I'm here
The sunlight is turned to grey
And I feel like I'm losing love again
I don't know how I'm here I could feel your heartbeat
I could feel the sun when you're looking down
I could feel your heartbeat
I could feel the sun when you're looking down
'Cause it's you who I'm loving
And it's you that I wanna breathe
And it's you who I'm loving
And it's you that I want and need And it's you that I want and need And I know now that ain't older
The world we built is slipping through our fingers
We're running out of time
And you are the one I've chosen
And I won't lay still
Living left behind, imprisoned by this love I could feel your heartbeat
I could feel the sun when you're looking down
I could feel your heartbeat
I could feel the sun when you're looking down
'Cause it's you who I'm loving
And it's you that I wanna breathe
And it's you who I'm loving
And it's you that I want and need And it's you that I want and need And it's you that I want and need
