Love Has Left Your Eye (Remastered)

Titiyo

I don't need an explanation
I'll settle for just a sound
I was looking for redemption
Baby, this is what I foundLove has left your eye
There's no need for you to lie
Baby, love has left your eyeLove has left your eye
No matter how we try
Baby, everything will die
Love has left your eyeAnd the fire went out like a fading star
Like my black, cold heart
Light years apart
In a world gone darkLove has left your eye
There's no need for you to lie
Baby, love has left your eyeYou were looking for perfection
I'm glad I let you down
And God knows there's no protection
'Cause this is what I've foundLove has left your eye
No matter how we try
Baby, everything will die
