

# Soar

## Alberto Fabbris & Kilian Taras

When they push when they pull, tell me can you hold on?  
When they say you should change can you lift your head high  
And stay strong?  
Will you give up, give in, when your heart's crying out that it's wrong?  
Will you love you for you at the end of it all?  
Now in life, there's gonna be times when you're feeling low  
And in your mind insecurity seems to take control  
We start to look outside ourselves for acceptance and approval  
We keep forgetting that the one thing we should know is  
Don't be scared to fly alone, find a path that is your own  
Love will open every door it's in your hands, the world is yours  
Don't hold back and always know, all the answers will unfold  
What are you waiting for, spread your wings and soar  
The boy who wonders is he good enough for them  
Keeps trying to please 'em all but he just never seems to fit in  
Then there's the girl who thinks she'll never ever be good enough for him  
Keeps trying to change and that's a game she'll never win  
Now in life there's gonna be times when you're feeling low  
And in your mind insecurity seems to take control  
We start to look outside ourselves for acceptance and approval  
We keep forgetting that the one thing we should know is  
Don't be scared to fly alone, find a path that is your own  
Love will open every door it's in your hands, the world is yours  
Don't hold back and always know, all the answers will unfold  
What are you waiting for, spread your wings and soar  
In the mirror is where she comes face to face with her fears  
Her own reflection, now foreign to her after all these years  
All of her life she has tried to be something besides herself  
Now time has passed and she's ended up someone else with regret  
What is it in us that makes us feel the need  
To keep pretending gotta let ourselves be  
Don't be scared to fly alone, find a path that is your own  
Love will open every door it's in your hands, the world is yours  
Don't hold back and always know, all the answers will unfold  
Don't wait for, spread your wings and soar  
Don't be scared to fly alone, find a path that is your own  
Love will open every door it's in your hands, the world is yours  
Don't hold back and always know, all the answers will unfold  
What are you waiting for, spread your wings and soar

What are you waiting for, spread your wings and soar
