

# My Little Raygun

## Cloud Nothings

My little raygun  
In your apartment  
Shoots at everyone if I don't set it back to stun  
My little raygun  
Always so large and  
Stomping on the sand and burning holes inside my head Yeah yeah  
What y'all think about it?  
Yeah yeah  
What y'all think about it?  
Yeah yeah  
What y'all think about it?  
Yeah yeah My little raygun  
In your apartment  
Shoots at everyone if I don't set it back to stun  
My little raygun  
Always so large and  
Stomping on the sand and burning holes inside my head Yeah yeah  
What y'all think about it?  
Yeah yeah  
What y'all think about it?  
Yeah yeah  
What y'all think about it?  
Yeah yeah  
What y'all think about it?
