

Intro

Ghostface Killah

Tony Stark, makes you feel
He's the cool exec
With a heart of steel
As Iron Man all jets a-blaze
He's fighting and smiting with repulsor rays
Amazing armor, it's Iron Man
A blaze of power, It's Iron Man!

Iron Man, the armor clad superhero of the free world may be doomed to die. Yes, the life of america's most dramatic avenger may well hinge upon a delicate subminiature component containing the strange secret which keeps his injured heart beating and enables him to live as Tony Starks, one of the nation's leading cientists, head of Tony Stark Industries, and as... Iron Man!
