

# Until You Were Gone

## Chipmunk

If I had all the money in the world  
I still couldn't buy me a brand new girl  
Too much clubbin', not enough lovin'  
Too much shoppin'  
Too busy chasin' Escrilla  
And now look, I've lost me a winner  
(She's gone)  
Sittin' there, singin' a song like  
You never know what you got 'til it's gone like damn  
Damn, I wish that I woulda seen it comin'  
'Cause I blinked for a second and you caught me slippin'  
No, now we're done before we even started  
Didn't know how much I miss you  
(Didn't know how much I would miss you, I messed up the perfect picture)  
Until you were gone, gone, gone  
Until you were gone, gone, gone  
Until you were gone, gone, gone  
I didn't know how much I miss you  
And look, still I'm here  
Clueless, she left me with no idea  
And I just don't get it, it's kind of weird  
How you took off quicker than my career  
And it's kind of weird  
For a man to admit when he's in the wrong  
I still can't do it, I just put it in a song  
So don't correct me, I know that I'm wrong  
It's just love, I'm too stuck in my ways  
And my notes ain't helpin' me change  
Now I'm sittin' there singin' this song  
Like you never know what you got 'til it's gone like damn  
Damn, I wish that I woulda seen it comin'  
'Cause I blinked for a second and you caught me slippin'  
No, now we're done before we even started  
Didn't know how much I miss you  
(Didn't know how much I would miss you, I messed up the perfect picture)  
Until you were gone, gone, gone  
Until you were gone, gone, gone  
Until you were gone, gone, gone  
I didn't know how much I miss you

I'm too stressed, and me tryin' not flake  
Close my eyes, you're inside my lids  
So I try not to blink for one split sec  
'Cause showboating got my shit wrecked  
And since you've left, nothin' ain't right  
TWo different waves, we have to part tides  
I had the long-sighted vision  
(Didn't know how much I miss you)  
It ain't the same with you missin'  
Until you were gone, gone, gone  
Until you were gone, gone, gone  
Until you were gone, gone, gone  
I didn't know how much I miss you  
(Didn't know how much I would miss you, I messed up the perfect picture)  
Damn, I wish that I woulda seen it comin'  
'Cause I blinked for a second and you caught me slippin'  
No, now we're done before we even started  
Didn't know how much I miss you  
Until you were gone, gone, gone  
Until you were gone, gone, gone  
Until you were gone, gone, gone  
I didn't know how much I miss you until you were gone  
(Didn't know how much I would miss you, I messed up the perfect picture)
