

Maybe Katie (Austin, TX 3-10-04)

Barenaked Ladies

What's so maybe about
What's so maybe about
What's so maybe about Katie? What's the use in hesitating?
Can't you see that Katie's waiting?
Just because her youth is fading
Doesn't mean she's not worth dating. What's so maybe about
What's so maybe about
What's so maybe about Katie? I don't know
What the fuss is all about
Just take it slow
It's not like you can't live without her
To and fro if you've got a shred of doubt
Then it's not worth it. What's so maybe about
What's so maybe about
What's so maybe about Katie? Can't you see her with her arms wide open?
She's everything that you've been hoping for
Forever's not so long, stop moping
She's got a daughter and you're just not coping. Do you know everyone you ever swore you'd love for life?
I don't know them anymore
I know their names, I'd recognize them on the street
And I don't love them. What's so maybe about
What's so maybe about
What's so maybe about Katie?
