

Loft Music

The Weeknd

They say my brain meltin'
And the only thing I'll tell 'em
Is I'm livin' for the present and the future don't exist
So baby take your clothes off, a chance like this
You may never get to show off, show off
Show off what you talking about
Unless you like to tease, baby
When in reality you don't know how to please, baby
Blue-ball queen, take your fucking seat, baby
Ride it out, now I know you wanna scream, baby
I'm better than your next man
And if he swingin' I get dumber than the next man
'Cause I don't play
Unless it's keys then I play all day (all day)
You like them keys? We gon' play all day (all day)
Wet dream fry your brain all day (all day)
I think you lost your morals, girl (What?)
But it's okay 'cause you don't need 'em where we're going
In that two-floor loft in the middle of the city
After rolling through the city with me
I promise you gon' see
That I'm only fucking 20, girl
Amnesia
Put your mind in a dream world
What you doing in the bathroom?
I hear noises in the bathroom
Baby, it's okay
We can do it in the living room
Twisting turns in 'em,
The only girls that we fuck with
Seem to have 20 different pills in 'em
They tell us that they love us
Even though they want a next man
And the next man's bitch want the third man
Eddie Murphy shit, yeah we trade places
Rehearse lines to them and then we fuck faces
Yeah we know just how to get a buzz
Mix it with the hash, come fuck with us
I'm raw, motherfucker, I'm raw

My love so lost in my niggas, man
These bitches can't touch what we got
If they wanted
I'll plug any nigga that'll step
Man, I got 'em, yeah I got 'em
Till the ending of our credits
Life's such a movie
Filmed independent, us against the city
Please don't get offended when we don't answer your calls
And if you got a problem, come and find us, we can talk
About it
What's good, young ho? You about it?
Got a loft right now, you're inside it
You excited? What you thinkin' about?
What you thinkin' about?
Yeah
Oh what you thinkin' about
Oh what you thinkin' about
What you thinkin' about
What you thinkin' about
What you thinkin'
I been thinkin' about
Hoo hoo I know everything
I know everything
I know it all
I know it all oh oh Hoo
Hoo oh
Oh oh
Ooh
