

Death to the Four Car Garage Band

Instruction

So what if I still dare
When they don't seem to care
'Cause I'm left with one last thing
That makes me want to sing But it's alright, yes, it's alright to see it through
That it's alright, yes, it's alright to see it through
That it's alright, alright Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah Trust funds and post punk hair
Are doled out to the millionaires
The coalition to relate
I sold out but was too late 'Coz it's alright, yes, it's alright to see it through
That it's alright, yes, it's alright to see it through
That it's alright, alright, yeah, yeah Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah 'Coz it's alright, yes, it's alright to see it through
And it's alright, yes, it's alright to see it through
That it's alright, yes, it's alright to see it through
That it's alright, alright Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
