

# World So Cold

## Mudvayne

When passion's lost and all the trust is gone  
Way too far for way too long  
Children crying, cast out and neglected  
Only in a world so cold, only in a world this cold  
Hold the hand of your best friend, look into their eyes  
Then watch them drift away  
Some might say, ?We've done the wrong things?  
For way too long, for way too long  
Fever inside the storm, so I'm turning away  
Away from the game, away from the storm  
It's like through mending the worlds of us  
Keep your thorn 'cuz I'm running away  
Away from the games, away from the space  
The circumstances of a world so cold  
Burning whispers remind me of the days  
I was left alone in a world this cold  
Guilty of the same things reveled by the cause  
I've left alone in a world so cold  
Fever inside the storm, so I'm turning away  
Away from the game, away from the storm  
It's like through mending the worlds of us  
Keep your thorn 'cuz I'm running away  
Away from the games, away from the space  
The circumstances of a world so cold  
I'm flying, I'm flying away  
Away from the games, away from the flames  
The circumstances of a world so cold  
Why does everyone feel like my enemy?  
Don't want any part of depressional darkness  
I've had enough, sick and tired  
Bring the sun or I'm gone, or I'm gone  
I'm packing out, I'm no more no motherfuckin' shit  
Never lied, never loved, never lived, never lost  
Never hurt, never worried about being afraid of anyone else  
Not a care, no concern, don't give a shit about anything  
I'm packing out, I'm no more no motherfuckin' shit  
Never lied, never loved, never lived, never lost  
Never hurt, never worried about being afraid of anyone else  
Not a care, no concern, don't give a shit about anything

I need to find a darkened corner, a blackless corner  
Where it's safer and calmer, I'm drowning away  
    Away from the game away from flame  
'Cause I feel mending the worlds of us, I'm running away  
    Away from the game away from this space  
Of circumstances of a world so cold, I'm flying, I'm flying away  
    Away from the game, away from the game  
    Of circumstances of a world so cold
