

# The Luck Has Gone

## Circa Waves

I was only asking  
If you'd walk with me tonight  
But we put it past the cast and the straight line for a smile  
Did I leave this too long now  
Did I tie my tie too late?  
But I got no time on my hands  
But I got a lot on my plate  
So forget it you got a lot to learn  
You got a lot to learn  
The luck has gone and it left me  
So I wait my turn  
Yeah I wait my turn  
Shake me up and take me  
For everything you see  
'Cause Friday night will break me  
If it leaves me in one piece  
So did I leave it too long now  
Did I tie my tie too late?  
And I'm a million miles away  
From the things I'd like to say  
So forget it you got a lot to learn  
You got a lot to learn  
The luck has gone and it left me  
So I wait my turn  
Yeah I wait my turn  
So forget it you got a lot to learn  
You got a lot to learn  
The luck has gone and it left me  
So I wait my turn  
Yeah I wait my turn
