

# I'm Outta Time

## Oasis

Here's a song  
It reminds me of when we were young  
Looking back at all the things we'd done  
You gotta keep on keeping on Out to sea  
It's the only place I honestly  
Can get myself some peace of mind  
You know it's getting hard to fly If I'm to fall  
Would you be there to applaud  
Or would you hide behind them all? 'Cause if I am to go  
In my heart you'd grow  
And that's where you belong If I'm to fall  
Would you be there to applaud  
Or would you hide behind them all? 'Cause if I am to go  
In my heart you'd grow  
And that's where you belong If I'm to fall  
Would you be there to applaud  
Or would you hide behind them all? 'Cause if I am to go  
In my heart you'd grow  
And that's where you belong Guess I'm outta time  
I'm outta time  
I'm outta time  
I'm outta time  
I'm outta time
