I Am In Love

K K & Dominique Cerejo

Called out to prove my love
You reply by getting defensive
Called out to prove my love
Now you should be able to sense it
I'm full of your dreams
I let you sleep with the lights on
Stay with me might as well
Be the kind of girl you want to be
I am in love, I am in love
I am a fool, fell from above
These things that I have done
They would be a test of anyone
How am I meant to see?
You dressed up like your mother
They say you marry your father
I hope that don't reflect on me
They say you marry your mother

I hope that don't put you in her company
I am in love, I am in love
And I am a fool, there is no other
I am in love, I am in love
What I say is don't lie
But it's enough to make you wonder
I can't be one that you wanna trust
And not the one that you wanna trample in the dust
I am in love, I am in love
And I am a fool, there is no other
I am in love, I am in love
Into the fire
Tears start coming
The stars surround us
It's enough to wanna make you wonder
