

# I Am In Love

## K K & Dominique Cerejo

Called out to prove my love  
You reply by getting defensive  
Called out to prove my love  
Now you should be able to sense it  
I'm full of your dreams  
I let you sleep with the lights on  
Stay with me might as well  
Be the kind of girl you want to be  
I am in love, I am in love  
I am a fool, fell from above  
These things that I have done  
They would be a test of anyone  
How am I meant to see?  
You dressed up like your mother  
They say you marry your father  
I hope that don't reflect on me  
They say you marry your mother

I hope that don't put you in her company  
I am in love, I am in love  
And I am a fool, there is no other  
I am in love, I am in love  
What I say is don't lie  
But it's enough to make you wonder  
I can't be one that you wanna trust  
And not the one that you wanna trample in the dust  
I am in love, I am in love  
And I am a fool, there is no other  
I am in love, I am in love  
Into the fire  
Tears start coming  
The stars surround us  
It's enough to wanna make you wonder
