Dragonlord

Domine

They come from the Young Kingdoms
with new hopes and ancient hate
By thousands they ride to the battlefield
I can feel the ground shake
I must rise from my throne
Champion of Destiny and Pride
I must leave these ancient halls
with Stormbringer at my side[Chorus]
For I am the Bringer of War
I am The Bearer Of The Black Sword
and my name will be known to all
Lord Elric of the Bright Empire of Melnibone
The DragonlordWho will need the illusion
of new love and new found faith
When everything around you
lay destroyed and deadI am doomed to walk again
on the Path Of Destruction
I'm the last of my Race
and I must fight my final battle[Chorus]
For I am the Bringer of War
I am The Bearer Of The Black Sword
and my name will be known to all
Lord Elric of the Bright Empire of Melnibone
The Dragonlord[Chorus]
For I am the Bringer of War
I am The Bearer Of The Black Sword
and my name will be known to all
Lord Elric of the Bright Empire of Melnibone
The Dragonlord
