

# There's the Girl

## Heart

You're a polished diamond, now you're feeling kinda rough  
Yes I know how long you been searching for the perfect touch  
You better hear what I say  
I can tell your eyes are just about to give you away 'Cause there's the girl that you were after  
Feel your heart beating faster now  
There's the girl that you were after  
Can you say that you don't want her anymore? Just take my word now 'cause you know it's true  
She ain't good enough for the likes of you  
You better hear what I say  
I can tell your eyes are just about to give you away 'Cause there's the girl that you were after  
Feel your heart beating faster now  
There's the girl that you were after  
And all the time you can't get past her There's the girl that you were after  
Broken glass, complete disaster  
There's the girl that you were after  
Can you say that you don't want her anymore?  
Oh oh oh oh I believed you once when you explained  
That it wasn't so tough to forget her name 'Cause there's the girl that you were after  
Feel your heart beating faster now  
There's the girl that you were after  
And all the time you can't get past her There's the girl that you were after  
Broken glass, complete disaster  
There's the girl that you were after  
Can you say that you don't want her anymore?  
Oh oh oh oh There's the girl  
There's the girl  
Oh there's the girl  
There's the girl
