

Preacher's Son

Weezer

I can't help it girl, I'm the preacher's son
I must live for peace till the day is done
 But I will never let you go
 Once I have got you in my hold
I'm gonna mold ya into something that I like
I can't change my ways, I'm a puppet's fool
 If you need a fix, then I'll be your tool
 But I will never let you go
 Once I have got you in my hold
I'm gonna mold ya into something that I like
Always take me back
 Falling off the track
Always, I'm on fire to be with you tonight and make your body cum
I can't be someone that you wish I was
 Just a tag a long, like you too because
 But I will never let you go
 Once I have got you in my hold
I'm gonna mold ya into something that I like
