## Dr. Octagon

Don't worry Miss Pop Music  
Your son's going to be alright

Oh Doctor, I hope you're right!  
He used to be such a creative and smart boy  
But lately he's changed  
He's become such a MORON~!  
Why is his head all swollen up like that?

Your son has been vegetating for four or five years without treatment  
But that's enough about me  
That nasty rash on your leg  
I have a very effective...  
Effective cream for that...  
Cream for... [scratched] cream for th... that
