

I Will

Hilary Weeks

I've made my choice
You can mark this day
The day I pledge
To take His name
I will be strong
I will be brave
Standing for Him
As I take my place
I have felt the Spirit burn truth in my heart
Its in my heart
I will stand
I will not fall
In a world that's weak
I will not fall
I'll be true
I will choose His way
I know what's right
And I will not change
In a world where so many will not
I will
I may be one
But one becomes two
When you stand with me
And I stand with you
As we unite
Our cause is great
Were not just the candle
We are the flame
I will take the light He gives me
And I will hold it up high
I'll hold it up high
