

Every Step

Tawiah

Just because I cannot see
Doesn't mean I don't believe
Tell you I can feel it
Can you see the wind as it blows
With outside the leaves dance
Even though I sometimes stray
You remain closer than
Closer than you've ever been
Can you hear the wind as it blows
Without is the leaves dance

In everything
I can't see it
In everything
But I can feel it
In every step
In every step

Even though I struggle to follow through
Break down and cry
I know you catch my every tear
I can feel the wind as it blows
On my face, yes I know
That just because I cannot see
Doesn't mean I don't believe
Tell you I can feel it
Can you see the wind as it blows
With outside the leaves dance

In everything
I can't see it
In everything
But I can feel it
In every step
In every step
In every step
In every step

You move me daily
My eyes if they shot

It won't stop your touch, no
You move me daily, oh
My eyes if they shot
It won't stop your touch no

You move me daily, eh-eh
My eyes if they shot
They won't stop your touch, no
You move me daily
My eyes if they shot
It won't stop your touch, no
