Life Like This

Destiny's Child

Desloyal has betrayed you
after someone done so much for you
you cant use them for what they can give you
then just wake up and live them
dont you know that your blessings wont continue
your own doings will all come back to you
dont understand how your heart can be so cold
but one day you know that you were wrongWhen none else believed i got believe in you
You deceived me
Its that a way of return a favor given to you
Dont you know you hurt me
Tell me do you care about other people
Tell me where is your love for the people
Your spirit so selfish and you being so evil
Dont you know you hurt meChorus (1x)
I cant no longer live life like this
I cant no longer put up with this
I cant no longer pretend like this
I cant no longer givin like this
I tryed but i cant not live life like this
I tryed but i can not put up with this
I tryed but i can not pretend like this
I tryed but i can not givin like thisYou destroyed lifes of other people
Sourrinding your life manipulating
that so tipycal love someone
ignorant love its not existing their heart
but one day all your darkness will come to light
and you`ll regret all those lies that you lied and
all the tears that I`ve cried oh darling you`ll be crying.When none else believed i got believe in you
You deceived me
Its that a way of return a favor given to you
Dont you know you hurt me
Tell me do you care about other people
Tell me where is your love for the people
Your spirit so selfish and you being so evil
Dont you know you hurt meChorus
I cant no longer live life like this
I cant no longer put up with this
I cant no longer pretend like this

I cant no longer givin like this
I tryed but i cant not live like this
I tryed but i can not put up with this
I tryed but i can not pretend like this
I tryed but i can not givin like thisYou used so many people
and you lied on many people
You been hurting people
not contributing to these people
You say you love this people
Yes you turn your back on people
I get no longer deal with people
that live their lifes with people like youI`ve tried, I`ve tried, I`ve tried
Cant life like this
Cant life like this
Dont you know
Dont you know
Dont you know you hurt meChorus (3x)
I cant no longer live life like this
I cant no longer put up with this
I cant no longer pretend like this
I cant no longer givin like this
I tryed but i cant not live like this
I tryed but i can not put up with this
I tryed but i can not pretend like this
I tryed but i can not givin like thisCant live like this...
