

# Closed Blinds

## Cinders

Oh my  
You're looking excellent tonight  
My darling  
My eyes are black and whiteSo listen to me now  
I'm a fool for you  
Yeah I'm a fool because I  
I don't even know your nameDon't worry  
Everything will settle down  
But I'm worried  
That you won't ever love me now  
Because you don't even know my nameWhat am I supposed to do  
Living in a life without you, baby  
Don't tell me that I don't know you  
Because I do, yes, I doAnd I love you so  
And I just want you to know  
But I  
I don't even know your nameDon't worry  
Everything will settle down  
But I'm worried  
That you won't ever love me nowSo please, please, please  
Just open your blinds and open your heart  
And tell me something  
that you don't even knowDon't worry  
Everything will settle down  
But I'm worried  
That you won't ever love me now  
Because you don't even know my name
