

# Farewell

**Greg Laswell**

My love I cannot stay  
My love I am running late  
My love all has not been a waste  
In a life that you have brought upon me So farewell love, this is goodbye, let's not take our time  
Farewell love, this isn't getting any easier  
And you let go to what the end will show  
Ba, ba, da, ba, da, da, da My love I cannot stay  
My love all has not been a waste  
My love I am running late  
From the life that you have brought upon me So farewell love, this is goodbye, let's not take our time  
Farewell love, this isn't getting any easier  
And you let go to what the end will show  
Ba, ba, da, ba, da, da, da So farewell love, this is goodbye, let's not take our time  
Farewell love, this isn't getting any easier  
And you let go to what the end will show  
Ba, ba, da, ba, da, da, da I'm gonna save this for you  
I'm gonna save this for you  
I'm gonna save this for you So farewell love, this is goodbye, let's not take our time  
Farewell love, this isn't getting any easier  
And you let go to what the end will show  
Ba, ba, da, ba, da, da, da
