Tell It To The Volcano

Miniature Tigers

You can hang on to me
But my love won't surround you
Now that you're finally gone
I am free to get on with my lifeYou can summon all the gods
That your black heart desires
They cannot help you 'cause they're starting fires
To burn you aliveTell it to the volcano, from what I know you're goin' down the hole
Down you're goin' down the hole, tell it to the volcano
Save your sorry's, tell it to the volcanoA year ago today I was fallin' in love with you
I didn't know how I could tell you
You were breaking my heart, shrinking my head
I couldn't get out of my bedTell it to the volcano, from what I know you're goin' down the hole
Down you're goin' down the hole, tell it to the volcano
Save your sorry's, tell it to the volcanoOom, I'd like to chuck ya
Oom, I'd like to chuck ya
Oom, I'd like to chuck ya
Oom, I'd like to chuck ya
Oom, I'd like to chuck ya
Oom, I'd like to chuck ya downOom, I'd like to chuck ya
Oom, I'd like to throw away the pain on my own
You're cryin' and you're screamin'
And you're beggin' not to goTell it to the volcano
Down you're goin' down the hole, tell it to the volcano
Save your sorry's, tell it to the volcanoOom, I'd like to chuck ya
Oom, I'd like to chuck ya
Oom, I'd like to chuck ya
Oom, I'd like to chuck ya
Oom, I'd like to chuck ya
Oom, I'd like to chuck ya down
