

I Love You Because

[Willie Nelson](#)

I love you because you understand, dear
Every single thing I try to do
You're always there to lend the helping hand, dear
I love you most of all because you're you No matter what the world may say about me
I know your love will always see me through
I love you for the way you never doubt me
But most of all I love you 'cause you're you But I love you because my heart is lighter
Every time I'm walking by your side
I love you because the future's brighter
The door to happiness, you opened wide No matter what the world may say about me
I know your love will always see me through
I love you for a hundred thousand reasons
But most of all I love you 'cause you're you
Most of all I love you 'cause you're you, you
