Havin' a Baby

R. Kelly

What is this news youve got to tell me?
Girl, what has got you so excited?
Why would you call me on my job
When I'm right in the middle of writin?See you've got this look upon your face
Spit it out girl I just cannot wait
To get whatever it is up out of you
So tell me girl, what it do?I'll give you a hint, it crawls fore it walks
In a couple of years it begins to talk
And it makes us so happy
Girl, are you tellin' me?I'm havin a baby
Oh, Im so happy
I'm havin a baby
And Im so glad to be that baby's daddyI'm havin a baby
A little girl, a little boy, a little you, a little me
I'm havin a baby
Girl, it doesn't matter as long as it's healthyWhile I can't believe I'm gonna be a father
In nine months a child will be born
Baby, youre pregnant in April
Which means we're havin a CapricornI'm so glad to be a part of this
Cause girl a child is heaven sent
This is a blessing to me
To have you with my seedI'm havin a baby
Girl, Im so glad that
I'm havin a baby
And Im so proud to be that baby's daddyI'm havin a baby
A little girl, a little boy, a little you, a little me
I'm havin a baby
Girl, it doesn't matter just as long as it's healthyGirl, you got me starin at you from head to toe
When I look at you, it's like you've got this glow
So much respect Ive got for you
Girl, since youve told me this good newsEver since you told me I love you more
Girl, what I feel is so spiritual
And baby our lives has been changed
Now I want you to have my last name!I'm havin a baby
Girl, Im so glad
I'm havin a baby
And Im so proud to be that baby's daddyI'm havin a baby
Said, a little boy, a little girl, a little you, a little me
I'm havin a baby

Girl, it doesn't matter
And now here it is nine months laterI'm havin a baby
