## You're So Fine

## **Steve Miller Band**

Saw a girl walkin' down the street

Upsettin' everybody she meet

Well, she walks up to the corner

She stops, everybody they want herShe's fine

Yes, yes, yes, she's fine

She's a fine, pretty thing

I wanna love her all the timeWell, I said tell me, baby, honey, where you goin'

She said darlin', well, I wouldn't be knowin'

She had on a long evening frock

She stopped in the street and did the [unverified] rockShe's fine

Yeah, she's fine

She's a fine, pretty thing

I wanna love that woman all the timeWell, I said tell me, baby, what you thinkin' of

She said there isn't anything greater than love

She looked at me and she gave me a smile

Shook her head and winked her eyeBut she's fine
Yes, yes, she's fine
She's a fine, pretty thing
I need to love that woman all the time
