Always (Soul Seekerz Extended Mix)

Plumb

Out of nowhere you came
From a little dust and a little rain
And when I looked down on your face
It showed to me the truth and graceI will always try to keep you very safeSo open up your eyes
So they can look in mine
And see your small reflectionAnd when you close your eyes
I pray the thoughts inside
Are beautiful and trueI won't always be this strong
And I won't always be the one
To kiss the bruise or heal the scrapes
To wipe the tear drops from your faceAnd I will always love you more each daySo open up your eyes
So they can look in mine
And see your small reflectionAnd when you close your eyes
I pray the thoughts inside
Are beautiful and trueI will always love you more each day
I will always try to keep you safeSo open up your eyes
So they can look in mine
And see your small reflectionAnd when you close your eyes
I pray the thoughts inside
Are beautiful and trueI will always, I will always love you
