Stella

Advisory - the following lyrics contain explicit language:

God was there, always had the best of drugs
Knew where to get them
Brought a lady-friend
And I believe her name was Stella, and he saidStella, Stella, I wanna give you the world
If you just stay with me tonight
Stella, Stella, I wanna give you the world
If you just hold me tightAnd I wonder how it will go
When God hands over the whole wide world to
A 43 year old hooker from downtown
Maybe it's about time the old man hands over the crownStella, Stella, I wanna give you the world
If you just stay with me tonight
Stella, Stella, I wanna give you the world
If you just hold me tight
Hold me tight, hold me tight, hold me tightAnd it made me realize
How much you wanna give away just to feel loved
And the Lord blinked to me and asked
What is real love to you, what is fake and what is true?Oh, Stella, Stella, I wanna give you the world
If you just stay with me tonight
Stella, Stella, I wanna give you the world
If you just hold me tightStella, Stella, I wanna give you the world
If you just stay with me tonight
Stella, Stella, I wanna give you the world
If you just hold me tight
Hold me tight, hold me tight, hold me tightOh, Stella, Stella, I wanna give you the world
If you just stay with me tonight
Stella, I wanna give you the world
If you just hold me tightStella, Stella, I wanna give you the world
If you just stay with me tonight
Stella, Stella, I wanna give you the world
If you just hold me tonight
