## **Agent Orange**

## **Sodom**

Operation 'Ranch Hand' Spray down the death Down on their farms

Assault against the populationSuppress by military arms

Only you prevent the forest

Legalize the war, they are deprived of their power Eradication without lawAgent Orange

Agent Orange

Agent Orange

A fire that doesn't burnAll the marks erased long ago

Scars are healed up

Cancer creeps into their innocent souls

Memorials of flesh and bloodHave survived unlawfully punished

Poisoned till the end of their lives

Physical deformity, what medicine will help?

Still births will riseAgent Orange

Agent Orange

Agent Orange

A fire that doesn't burnGrieved weak hearts are crying

Waiting for the end

In this condition they are dying

Newborns of the damnedPreserved in test tubes for generations

Vicious circle of transmission

There's no way for reparations

Must live with chemical agent called Agent Orange

Agent Orange

Agent Orange

A fire that doesn't burnAgent Orange, burn

Agent Orange, burn

Agent Orange, burn
