

Open Your Heart

Ladytron

Don't let it hurt you, baby, love to tell you how they warned you
They say, dont be surprised at someones lies
They think they taunt you but if you can stand the test
You know your worst is better than their bestAnd so you stand here with the years ahead, potentially calling
With open heart or with a spirit dead, you walk onLies, the reason, faith or treason
(Playing a part)
End concealing, try revealing, open your heart
Dare to feel, take the chance, make the dealBeing an island
Trying from trying seems the easy way
Such an easy way
But theres no future without tearsLies, the reason, faith or treason
(Playing a part)
End concealing, try revealing, open your heart
Dare to feel, take the chance, make the dealBut if you can stand the test
You know your worst is better than their bestLies, the reason, faith or treason
(Playing a part)
End concealing, try revealing, open your heart
Open your heart, open your heart
