My Heart

[Donell Jones](#)

Why you wanna play around with my heart?
You make me feel like you care
Why you wanna play around with my heart?
My love was there, I thought that you cared
Until that day you turned and walked away
Your love was special to me, yeah
My heart has fallen apart and I know
That you're the one to blame
You said the love would never change
Then you go out and play
Why you wanna play around with my heart?
You make me feel like you care
Why you wanna play around with my heart?
My love was there, I thought that you cared
I never knew that you could put me through
All the pain that I feel, yeah
Saying sorry won't make it right
'Cause it will never be the same
You're the one to blame
Tell me why
Tell me why you're living a lie
You never really loved me, baby
And now my heart is falling apart
You should have told me from the start
That you would break my heart, baby
Why you wanna play around with my heart?
You make me feel like you care
Why you wanna play around with my heart?
My love was there, I thought that you cared
Saying sorry won't make it right
How would you do this to me
My love was there
Why yo wanna play
Why you wanna play around with my heart?
You make me feel like you care
Why you wanna play around with my heart?
My love was there, I thought that you cared
Why you wanna play around with my heart?
You make me feel like you care

Why you wanna play around with my heart?
