I Thought About You

Johnny Hartman

I took a trip on a train
And I thought about you
I passed the shadowy Lane
And I thought about you

Two or three cars parked under the stars
All night in seems
Moon shining down on some of the town
And with each beam same old dreams

At every stop that we made
Oh I thought about you
But when I pulled down the shade
Then I really felt blue

I peeked through the cracks
And looked at the tracks
The one going back to you
And what did I do - I thought about you

Musical Interlude

At every stop that we made
Oh I thought about you
But when I pulled down the shade
Then I really felt blue

I peeked through the cracks
And looked at the tracks
The one going back to you
And what did I do - I thought about you

I peeked through the cracks
And looked at the tracks
The one going back to you
And what did I do - I thought about you
