Love Shot

The Blue Van

Here we are now face to face, gonna make it very clear
'Cause I don't have time to waste if your heart is insincere
Tonight is gonna be the night and tell ya how it's gonna be
I gonna give my love to you if you give it back to me
That's the way I planned it, that's our destiny
It only takes a minute to come and go with me
There ain't no doubt about it, I'm so into you
Tell you just what I'm gonna do
Hit you with my love shot
Tell me can ya handle this or is it too hot?
Only gonna take one kiss to show what I've got
'Cause I won't stop with my love shot, oh, yeah
I don't care what you did before 'cause now it's a brand new game
I'm everything you're searchin' for and you'll never be the same
Real love is what I'm all about, don't ya know that I play full key?
So if you wanna treat me right, then you'll get the best for me
There's no way to fight it, there's no where to hide
No words to explain what I'm feeling deep inside
Take you on a journey, sure to satisfy
Baby, come along for the ride
Hit you with my love shot
Tell me can ya handle this or is it too hot?
Only gonna take one kiss to show what I've got
'Cause I won't stop with my love shot
I'm here for you, you're here for me

And this is how it's meant to be, you can't deny it
I'll take you up, I'll take you down
I'll show you what real love's about, come on and try it
That's the way I planned it, that's our destiny
It only takes a minute to come and go with me
There ain't no doubt about it, I'm so into you
Tell you just what I'm gonna do
Hit you with my love shot
Tell me can ya handle this or is it too hot?
Only gonna take one kiss to show what I've got
'Cause I won't stop with my love shot
Hit you with my love shot
Tell me can ya handle this or is it too hot?

Only gonna take one kiss to show what I've got
'Cause I won't stop with my love shot
I'm here for you, you're here for me
And this is how it's meant to be, you can't deny it
I'll take you up, I'll take you down
I'll show you what real love's about, come on and try it
Hit you with my love shot
Tell me can ya handle this or is it too hot?
Only gonna take one kiss to show what I've got
'Cause I won't stop with my love shot
Hit you with my love shot
