

Child of Vision

Supertramp

Who do you think you're foolin'?
You say you're having fun
But you're busy going nowhere
Just lying in the sun You tried to be a hero
Commit the perfect crime
But the dollar got you dancing
And you're running out of time You're messin' up the water
You rolling in the wine
Got poison in your body
Got poison in your mind And you gave me coca cola
You said it tasted good
Then you watch the television
And to tell that you should go How can you live in this way?
(What do you think it's so strange)
You must have something to say
(You tell me why should I change)
There must be more to this life
It's time we did something right Child of vision, won't you listen?
Find yourself a new ambition I've heard it all before
You're saying nothing new
I thought I saw a rainbow
But I guess it wasn't true You cannot make me listen
And I cannot make you hear
So you find your way to heaven
And I'll meet you when you're there How can you live in this way?
(What do you think it's so strange)
You must have something to say
(You tell me why should I change)
We have no reason to fight
'Cos we both know that we're right Child of vision, won't you listen?
Find yourself a new ambition
