

99 Miles

Kelsey's Woods

I'm from the wrong side of the side of the ditch
Down the end of a nowhere road
Born the second son of a son of a bitch
& a lady with a heart of gold
Only thing my daddy left me was no way out and a red hot six shotgun
Didn't even leave my mamma a shadow of a doubt that I'd grow up to be his son

CHORUS:

& I know it ain't right it's just the way I am
With this twisted heart of mine
But one more night and I'll be a brand new man,
I got 99 miles to the Mexico line,
99 miles to the Mexico line

Spent half my life as a wanted man
Tryin' hard just to survive
There's a sheriff in Texas and girl in Alabam'
With a sign sayin' 'dead or alive'

CHORUS:

& I know it ain't right it's just the way I am
With this twisted heart of mine
But one more night and I'll be a brand new man,
I got 99 miles to the Mexico line,
99 miles to the Mexico line

INSTRUMENT BREAK

Only thing between me and the promised land is a river flowin' deep and wide
I ain't stoppin' til I hit the Rio Grande and I'm standin' on the other side

CHORUS:

& I know it ain't right it's just the way I am
With this twisted heart of mine
But one more night and I'll be a brand new man,
I got 99 miles to the Mexico line,
99 miles to the Mexico line

Got 99 miles to the Mexico line
99 miles to the Mexico line
