

Juicy Lucy

Titty Bingo

Every time I call her name she's right there by my side

Every time that I think it's a change

There's no place left to hide

This must be for real

This must be for real

This must be for real

It can't be a dream

Every time I blow my love

She's knockin' on my back door

Every time that I tear her clothes

She pulls me down some more

This must be for real

This must be for real

This must be for real

It can't be a dream

Juicy, juicy, juicy, juicy Lucy

Juicy, juicy, juicy, juicy Lucy

Juicy, juicy, juicy, juicy Lucy

Juicy, juicy, juicy, juicy Lucy

Scary woman put me under, under her spell

Never tell, if I risk it I ____ her

There still standin', try to get my hand in

But she gets away _____ one stride

Every day she comes around

Lookin' good and tryin' to catch my eye

Ain't no way to tell her no

I guess I never even thought to try

This must be for real

This must be for real

This must be for real

It can't be a dream

Juicy, juicy, juicy, juicy Lucy

Juicy, juicy, juicy, juicy Lucy

Juicy, juicy, juicy, juicy Lucy

Juicy, juicy, juicy, juicy Lucy

Every time I tie her down she wants to let me go

Every time I start to slide

She's tellin' me I'm way to slow

This must be for real

This must be for real
This must be for real
It can't be a dream
Juicy, juicy, juicy, juicy luey
Juicy, juicy, juicy, juicy luey
Juicy, juicy, juicy, juicy luey
Juicy, juicy, juicy, juicy
