## Sammie

I keep my stroking so consistent there's no delay  
I give it so damn awesome call it instant replay  
I go so hard and so damn long it's like a relay  
Not behind, you start behind, you finish girl when we play  
We switch positions as you speak my body language  
I speak in tongues, give me your tongue, let me explain it  
And when you cum, girl I'm gon' cum, we on some same shit  
Sixteen [?] yeah, when we vibe  
Shawty I love it when you ride my wave  
Baby lose our menos, I need me a bad girl  
That's gon, misbehave  
I love it when you ride  
You sure know how to ride  
Ooh girl I love it when you ride my wave  
Baby lose our menos, I need me a bad girl  
That's gon, misbehave  
I love it when you ride  
You sure know how to ride

When I'm kissing you, licking you,  
scratching, I'm digging out (digging you out)  
And I always hit your spot without direction put it down
