

We Are One

Ledisi

Heaven sent you here for me
Like an angel you rescued me
When I close my eyes I dream of you
We are one

Another life time, I'm holding you
Those that came before me
Till my last breath know that I love you
We are one

Oh, know that we are one
We are one, hold me
Baby, baby, baby, baby, yeah
Baby we are one

Oh, know that we are one
Oh, we are one
